- 1** Identification of the parts
- Eve mini 4 frame for iPad mini 4  
(product number: 625-xx) (**not compatible with iPad mini 1, 2 & 3**)
  - Eve mini cover (product number: 621-xx, 622-xx - not included)
  - Eve mini cover security version  
(product number: 623-xx, 624-xx - not included)

- 2** Positioning of the wall box (not included)
- A wall box should be foreseen to install the iPad power supply. The puck (not included) is a USB power supply which fits into a 1-gang wall box and uses the standard lightning to USB Cable, supplied with the iPad.
- The wall box should be installed according to the dimensions on the drawing (2).

- 3** Direction of the frame
- The Eve frame can be mounted horizontally or vertically. Please take care to mount the frame in the correct direction according to the drawing (3). **Installing the frame in the wrong direction can damage the iPad.**

- 4** Puck Power supply (not included - product number: 610-01)
- Install the puck into the wall box following the instructions of the puck manual. Connect the standard iPad mini to USB Cable, supplied with the iPad, to the puck.

- 5** Installing the frame
- Please use the correct openings of the Eve frame and ensure the screws are positioned so that they cannot damage the iPad.

- 6** Mounting the iPad mini 4
- Plug the power connector into the iPad.
  - Portrait mounting:** Place the right side of the iPad in the right side of the frame as shown on drawing 6 (a) (opposite side of the magnets). Then gently push the iPad in the frame so that it is being held by the magnets (b).  
**Landscape mounting:** Place the right side of the iPad in the lower side of the frame as shown on drawing 6 (a) (opposite side of the magnets). Then gently push the iPad in the frame so that it is being held by the magnets (b).
  - Place the Eve cover making sure that the cover is not squeezing the power cable.  
**Make sure to follow the steps above in the right order as a wrong installation can damage the frame.**

- 7** Removing the iPad mini 4
- Remove the Eve cover.
  - Place one finger behind the iPad (side with magnets) and another one on the right side of the iPad as shown on drawing 7 (a).
  - Gently pull the iPad out of the frame making sure it cannot fall (b).
  - Remove the power connector.
