Watch TV in comfort from anywhere

TVmotions is a revolutionary wall-mounting system that allows you to turn and tilt your flat screen television quickly and easily, so that you can watch TV in comfort from anywhere in your room.

Suitable for every flat screen TV

TVmotions is not brand-specific and is suitable for virtually every LCD or plasma screen television. This will certainly come in handy if you ever decide to buy a new television.

Simple DIY assembly

TVmotions is suitable for virtually all flat screen televisions. The wall-mounting system is easy to assemble yourself and easy to operate using the remote control supplied with the bracket. A manually operated version is also available.

 **TVmotions®**

Watch TV in comfort from anywhere

Do you have to move to another chair to watch your favourite TV programme? Or do you get distracted by an annoying flicker on your LCD or plasma screen TV while enjoying fun film nights with your friends? Then it's time to discover TVmotions. This revolutionary wall-mounting system allows you to turn and tilt your flat screen TV quickly and easily. TVmotions lets you watch television in comfort from anywhere in your living room or bedroom.

Suitable for every flat screen TV

TVmotions is suitable for virtually every LCD or plasma screen television. You don't need to have a specific make, model or size of flat screen television. This will certainly come in handy if you ever decide to buy a new television. If your flat screen television is less than 120 cm wide and no heavier than 40 kg, then you can enjoy watching television in total comfort with TVmotions.

Simple DIY assembly

TVmotions is suitable for virtually all flat screen televisions. The wall-mounting system is very easy to assemble yourself. Whenever the television is switched off, the wall system folds back just 6 cm away from the wall. When you go to watch television, then you turn and tilt TVmotions to the correct position using the user-friendly remote control device supplied with the system. Once you've finished watching television the wall bracket folds back just as easily.
