

MonLines MLD375B Electric Height-Adjustable TV Lift Ceiling Mount, 375 mm Travel

Description

The MonLines MLD375B motorized swivel TV lift ceiling mount with 375 mm travel combines motorized rotation and height adjustment in a robust steel and aluminum construction. The continuously adjustable electric lift allows flexible positioning of the TV between a profile height of 1025 and 1400 mm. The desired height can be conveniently adjusted via app or remote control. Thanks to the motorized 360° swivel function, the display can be effortlessly rotated in any desired direction – ideal for living spaces, offices, gyms, and commercial environments. The mount is suitable for flat-screen TVs from 50 to 100 inches and supports a weight of up to 65 kg. An intelligent collision protection system detects obstacles during movement and reliably protects both the TV and its surroundings. The tilt angle can be manually adjusted between +3° and -20°, ensuring an optimal viewing angle at all times. installation.
