

MonLines MLS041B Swiveling Built-In TV Lift, 37–80 Inch, 1050 mm

Description

The MonLines MLS041B swiveling built-in TV lift, 37–80 inch, 1050 mm, black is the ideal solution for elegantly concealing large TVs inside furniture or sideboards and conveniently raising them when needed. The powerful motorized lifting mechanism provides a travel height of 1050 mm and is suitable for TVs from 37 to 80 inches weighing up to 60 kg. A key highlight is the electric 360° swivel function, which allows the TV to be flexibly rotated to the desired viewing direction. This makes the TV lift ideal for open-plan living areas, conference rooms, or spaces with multiple seating positions. The lift can be conveniently controlled via Alexa, Google Home, the Tuya app, or wireless remote control. Up to three preferred positions can be saved and recalled at any time. In addition, the integrated anti-collision function provides extra safety when raising and lowering the TV. With VESA compatibility ranging from 200x200 to 600x400 mm, the MonLines TV lift is suitable for a wide range of TV models and provides a modern, space-saving, and clean solution for integrating a television into your interior.
