

MonLines MWH001B Flat TV Wall Mount

Description

The MonLines MWH001B TV Wall Mount offers a premium solution for mounting televisions stylishly and space-efficiently on the wall. Designed specifically for flat-screen TVs up to 55 inches, this high-quality wall bracket stands out—much like the Samsung Mini Wall Mount—for its ease of use and robust construction. Finished in elegant black, it blends seamlessly into any interior design while ensuring an attractive and secure presentation of the television. One of the key features of the MonLines MWH001B is its exceptionally easy installation. Thanks to the integrated spirit level, aligning the mount is straightforward, allowing the TV to be positioned perfectly horizontally. The minimal wall distance of approximately 36 mm ensures a discreet installation, keeping the television close to the wall while still providing adequate ventilation. The mount is not only sturdy but also highly versatile. It allows for lateral screen adjustment, making it easy to achieve the ideal viewing position in any room. With an impressive load capacity of up to 75 kg, the MonLines MWH001B is suitable even for heavier flat-screen TV models.
