

NOVUS TSS support arm XL 325

High-quality, continuously height-adjustable 1-part monitor support arm. Support arm with 1-part articulated arm and QuickRelease for VESA standard monitor attachment 75/100. Monitors with a maximum weight of 15 kg can be attached. Cable holders are included in the delivery. The reach is 325 mm.

The adapter plate permits the straightforward attachment of all monitors with the standard 75 or 100 mount.

The product can be turned to either side and has a reach of 325 mm.

The weight indicates the maximum load-bearing capacity of the supporting element or the maximum weight of an attachable monitor in kilograms.

When used conventional.

This machine bears the GS approval of product safety.

NOVUS TSS support arm

Ball-joint for versatile, precision monitor positioning.

With NOVUS QuickRelease for changing monitors quickly and conveniently without tools.

Thanks to their multi-part articulated design, TSS folding arms can be turned horizontally through any distance to provide the best possible monitor viewing angle around the column. Depending on column attachment.

The cable holder in the folding arm ensures safe, tidy cable management.
