

Mounting set incl. whiteboards

152.1100-ES Mounting kit incl. white boards of enamel steel for Interactive Whiteboard 100-101 inch

SmartMetals uses whiteboards of enamel steel on both sides enclosed by an aluminium frame. These whiteboards are custom-made for your touch display or whiteboard model. Compared to lacquered steel, enamel steel offers no usage stains of the markers on the whiteboard and we can offer 25 years warranty on the surface of an enamel steel whiteboard. This mounting kit creates an in height adjustable solution for optimal use of your presentation tool. SmartMetals introduces a new version of this product which is suitable for whiteboards up to 100-101 inch.

Whiteboards and mounting kits are custom made to perfectly fit your interactive whiteboard. Please specify upon order what brand and type of interactive whiteboard you are using.
