

TecLines TES020 oval built-in socket with USB A/C

Description

The TecLines TES020 built-in socket is a modern, space-saving solution for offices, kitchens, or living areas. With a 230V AC outlet and USB-A and USB-C ports, it offers flexible options for charging and powering your devices. The retractable sliding cover protects the outlets, while the elegant design in black or brushed stainless steel blends seamlessly into any environment.

Thanks to the Ø60 mm mounting hole, your workspace stays tidy, and the fast-charging function ensures rapid charging of smartphones, tablets, and other mobile devices. Its compact, unobtrusive design allows for discreet integration into tables, counters, or worktops – providing reliable power and USB connectivity exactly where you need it.
