

TecLines TMS002

Multi-function power strip, 2 sockets, 2 m power cord

Description

The TecLines TMS002 with 2x power sockets provides a practical yet discreet power supply directly on the desk. The multifunctional power socket features two power outlets and can be integrated into the tabletop to save space. With a maximum power output of 3500 W, an operating voltage of 250 V and an operating current of 16 A, the TecLines TMS002 is suitable for powering a wide range of electrical devices.

Typical applications include office workstations, meeting and conference rooms, hotels, as well as other private and public areas.
