

TecLines TSS001G

Sofa socket with 2x USB-A charger, grey

Description

The TecLines sofa socket with USB charger TSS001G is the ideal socket for all upholstered furniture such as the couch, armchair or sofa. The practical sofa socket is equipped with a protective contact socket and two USB-A connections with a built-in USB charger and a 2.85m cable with an angle plug. In this way you can connect any device such as a tablet, laptop or smartphone to the built-in socket or USB port without having to get up from the sofa. As an alternative mounting option, the 2-in-1 socket can also be attached to a wall with the supplied plate.
